

Ella Cart

Ella Cart is a member of the Georgia Coastal Artist and former board member of the Coastal Alliance for the Arts. She has a B.A. Degree in art from Columbia College, Columbia, S.C., and has done graduate work at the University of South Carolina and Converse College. She also taught Art in the South Carolina public schools for 10 years.

Ella's involvement in the arts, however started at an early age. "It was common for my brothers and sisters and me to come home from a neighborhood football game, set up easels, and paint until dinner."

In 1990 Ella and her husband Ben moved from South Carolina to the Georgia Coast. Living on the coast of Georgia has provided a perfect opportunity to intertwine the two things she enjoys most, painting and fishing. Her fish prints (Gyotaka), oils and acrylic capture coastal life both realistically and conceptually.
