

## Artist Resume for Kathy Stratton

Since becoming a resident of St. Simons Island in 1980, Kathy has pursued a variety of creative endeavors, including theater, oil and water color painting, window painting, jewelry making, glass painting and photography while pursuing her career in real estate and property management. The beauty of the area's beaches, marshes, live oaks and historical sites provide a wealth of subjects for both her paintings and her photography.

"St. Simons has been the perfect place to develop artistically and pursue my many creative passions. The beauty of the area is so inspiring, that many times I don't know whether to paint a scene or capture it in a photograph. As I devote more time to my art, I plan to do both."
